## CAREER OBJECTIVES

I like building websites that are easy to use and work smoothly. I have experience with frontend development and databases, and I'm learning to become a full-stack developer. I'm looking for an opportunity to apply my skills, improve, and work on real projects.

## EDUCATION QUALIFICATION

- **Full-Stack Developer (MERN)** 2024 - present  
Yuva sakthi Academy, Coimbatore.
- **Bachelor of Science in Mathematics** 2018 - 2021  
Yadava College of Arts and Science, Madurai.

## TECHNICAL SKILLS

**Frontend :** HTML, CSS, JavaScript, jQuery, Bootstrap, ReactJS  
**Database :** MySQL, MongoDB  
**Version Control :** Git, GitHub  
**Development Tools :** Vs Code, MongoDB Compass  
**Productivity Tools :** Canva, Excel, Google Sheets, Word

## VOLUNTEER EXPERIENCE

- Worked in a manufacturing company for nearly 2 years while pursuing my developer course, taking on responsibilities close to a Team Leader role.
- Developed strong time management, team coordination, and leadership skills while balancing work and responsibilities.
- Gained valuable experience in decision-making, problem-solving, and managing team dynamics in a fast-paced environment.

## PERSONAL DETAILS

**Date of Birth:** 17th Jan 2002  
**Languages Known:** Tamil & English  
**Hobbies:** Chess, Video Games, Movies  
**Location:** Coimbatore
